REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

This case is a Request For Continued Examination (RCE) of allowed Application 10/654/319. The present RCE was apparently filed for the purpose of entering an Information Disclosure Statement (IDS) filed 10 February 2005. The documents included with that paper have now been considered, but the decision to allow the claims in this case remains unchanged.

The IDS includes a foreign search report listing several "Y" category references including Dalton et al. (WO 01/76348) and Mitin et al. (RU 2,210,673). Neither Dalton et al. nor Mitin et al. disclose or suggest a seal shroud and the diaphragm having different coefficients of thermal expansion as claimed by Applicant. The newly cited references show similar characteristics to the references already cited in the first action on the merits.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
